Carter Clears Track Prior To Departure For Governor Jack

Within a few days Hawaii's Governor will have departed from the Territory to attend, as a delegate, the Republican National Convention at Chicago, and Territorial Secretary A. L. C. Atkinson will be Acting-Governor, carrying on the business and executing the duties which belong to the Executive. As a matter of required form Governor Carter will address an official communication to the Secretary of the Territory, signed and sealed, notifying Mr. Atkinson of the fact that he, the Governor, is about to absent himself from the Hawaiian Islands and that the mantle of authority falls upon the shoulders of the next in rank, to wit: the Territorial Secretary.

As previously announced, the Governor will be accompanied in his mainland trip by his family. Mr. Strong, Mr. Carter's father-in-law, who returns to the mainland with the Governor and family, has called San Francisco for a special car to carry them to Chicago. This will be the first time in the history of the Territory that Hawaii's Governor rides in a specially chartered railroad coach.

Governor Carter, up to his elbows in a mass of correspondence and public documents requiring immediate attention, his discarded coat reposing indifferently on a nearby chair—a chair, by the way, that once seated royal forms—was seen for a brief moment this morning.

"I have many things to attend to," said Mr. Carter, "for but a few days remain before I leave for the convention. I want to get things in shape so that the Public Works Department, which has numerous matters of importance pending in regard to expenditures under the loan fund, will have a clear road on which to travel; so that the work of improvement in all parts of the Territory may proceed without a hitch."

"These road board matters on the various islands require immediate attention for one thing; changes are necessary in order to produce the most effective and harmonious results. Changes under consideration are the result of my tours of Hawaii and Kaula, principally."

"Concerning the commission for the drafting of an Act for County Government, I am not yet fully decided. It is most desirable that men be appointed in this matter who will be satisfactory to all interests; and they must be men whose labors will result in a plan of county government that will meet general satisfaction."

"Yes; the Democrats have recommended Mr. E. M. Watson and the Home Rulers Mr. Poepeo to serve on the committee. I am glad to get the recommendations of all parties. No; it does not necessarily follow that those recommended will be appointed."

Governor Carter today sent for Henry E. Cooper of the firm of Kinney, McClanahan & Cooper, presumably to discuss the County Act Commission. The names of the committee will be

The loan fund money is available and the work will be commenced at once, surveyors starting the preliminaries.

OFFICERS KNOCKED OUT BY JOE COHEN

POLICE WANTED TO SEE
SHOW BUT JOE KICKED

Stood On The Landing and Threw
Officers Down The Stairs One
After Another—Leslie's
Wonderful Story.

The cases of J. C. Cohen, charged with assault and battery on three police officers, came up in the Police Court this afternoon, the charge being amended from ordinary assault and battery to assault and battery on a police officer. The new complaint was sworn to by Officer J. White of the mounted police. High Sheriff Brown conducted the prosecution while A. G. M. Robertson appeared for the defendant. A plea of not guilty was entered, the defendant objecting to the jurisdiction of the Court on the ground that the Court had jurisdiction only as a committing magistrate.

Lieutenant Sam Leslie of the mounted police was the first witness for the prosecution. He stated he was a police officer. Last Friday evening he was on duty in uniform with a badge on his breast in the Orpheum. He was passed by the doorkeepers. On finding that there were many bluejackets in the audience he summoned Officers White, Richardson, Holt, Nielsen, Muleitner and Robt. Hobson to come into the theater to stand in the back, being on duty. Lieut. Hart and Officer Parker, Jr., were already inside. The officers went in. Officer White leading. The doorkeeper stopped the officers, stating that Cohen had given orders not to admit officers without tickets. The officers waited until Leslie had asked Cohen to admit the officers, stating that the Sheriff had given orders to that effect. Cohen refused to do this with an insult and stated that he was not running a free show. Leslie told White to come in. White came in, showing his badge, whereupon Cohen pushed White downstairs. Leslie then gave orders to have Cohen arrested, which was done.

Leslie further stated that the audience was a very large one, including about 200 bluejackets. Leslie said he was present in the Orpheum to preserve order. He ordered the other officers into the place to do police duty. In cross-examination Leslie stated that the general orders were given out by word of mouth by the High Sheriff about three or four years ago. The orders were that officers had the privilege to stand in the back part of the Orpheum to preserve order. The privilege applied to every member of the force, whether in uniform or not. He saw Officer Apan in the Orpheum after the "racket." Parker, Jr., had told Leslie that he had paid admittance and Leslie told him that he ought to have known better. Leslie admitted that the officers were not on duty at that time but stated that a police officer was always considered on duty. Leslie gave the details of Cohen's assault. The manager distinguished himself by throwing everyone of the doctory officers downstairs. The bunch went downstairs one after another in a very undignified manner. The narrative of the fray excited much merriment in the court room.

Two Porto Ricans, named Juan Berri and Calesantos, were this forenoon arrested on a charge of impersonating police officers. When searched, clubs and revolvers were found on them. The police say that the defendants intimidated their countrymen by stating that they were officers and levied considerable blackmail from those of their acquaintances who had reasons to try to be on the best side of the police.

Funds To Provide For Poor

Honolulu, Hawaii, May 11, 1904.

The last Legislature having failed to provide funds for the maintenance of the Government Dispensary or provide medicines or supplies therefor, and also having failed to provide for a Government physician for the District of Honolulu, the undersigned physicians have mutually agreed to render their services free of charge for the care of the indigent sick and helpless through the Dispensary until July 1st, 1905, or until the Legislature meets and otherwise provides.

The necessity of this step is disclosed by the fact of there having been 266 treatments at the dispensary and 62 outside visits in the month of April. There will be an increase of calls upon the dispensary. To meet expenses \$125 per month will be required.

We believe the object will appeal to the charitable and the funds be voluntarily forthcoming.

Contributions may be handed to the undersigned physicians, or forwarded to the President of the Board of Health.

PROSPECT GOOD FOR
BIG JUNE CONVENTION

McCarthy On Hearst Boom In Hawaii
Says Harmony Will Mark
The Work--Organization Progressing.

The Democratic Central Committee held a meeting last night at Waverley Hall. Among other business transacted a change was made in the By-Laws, substituting the word resident for voter in the clause specifying who may become members of the Democratic precinct clubs. As the rules now read any voting resident of a precinct may join the precinct club, regardless of where he may be registered as a voter.

Charles McCarthy, chairman of the committee, is pleased with Democratic prospects in the Islands. Regarding the Hearst boom Mr. McCarthy said: "I am not a Hearst man, as everybody knows, but I believe if the convention in Hawaii were held today, the delegation would be instructed for Hearst. However there is a chance for many things to happen between now and June 6 and it is not at all unlikely that our delegation will go unimpaired. There is perfect harmony in our ranks regardless of preferences for presidential candidates."

"We will have a big convention here June 6. The delegations from the other islands will be full and we expect an interesting time. There has been no talk of who are to be chosen as delegates to St. Louis."

"The work done by our men in organizing precinct clubs on the other islands has been most successful and our party will develop great strength before the fall elections."

SPECIAL GAME NEW YORK TEAM

The ball-players on the cruiser New York have asked that a game be arranged for them at the Baseball Park Monday, May 30, Memorial Day. The bluejackets of the good cruiser have suggested that a regular admission be charged and the proceeds be turned over to the trustees of the Baseball League for donation to any charitable institution they may select. Midshipman Smith of the New York has submitted the proposal to Bob White of the Naval Station.

Mr. White has entered enthusiastically into the scheme and will see the trustees and the ball boys this evening. He wants to pick a team from the different clubs in the League to play the New York team, his idea being to take three men from the H. A. C., two men from the Elks, two from the Punahou and two from the Kama. The New York has only seven men who have played enough ball to convince Midshipman Smith that they are safe against Honolulu League men, and he will reinforce from the Naval Station, making the New York an all-marine team.

The New Yorkers will put up a good game if they all play as well as Snyder, who played last Saturday with the Mallets in the left-field. Snyder has two base-hits and four put-outs to his credit for that day.

Mr. White has not determined who the men are he will ask to play in the mixed team against the New Yorks, as he does not know which of them may have to march or drill at the Memorial Day exercises. If the game is a go, it is probable that Hampton of the Mallets will pitch for the New York team.

Another request which will be made of the trustees is that the New York team may have the baseball grounds for practice between 1 and 3 p. m.

The boys who have been spoken to favor the Memorial Day game with the New York team as it will yield a nice little sum for charity and will be a merited and courteous recognition of the lovers of athletics among the visiting Naval men.

Men Who Indicted Testa For Libel Are Old Offenders

Editor F. J. Testa of the Independent, by his attorneys, T. McCanta Stewart and C. A. Long, this morning filed a plea in abatement in the indictment for libel against him, alleging facts that, if they be true, may render illegal and invalid every indictment returned by the present Territorial Grand Jury since the work of the inquisition was begun early in April last.

In an affidavit accompanying the plea in abatement, F. J. Testa alleges that certain of the grand jurors are not qualified to serve. He names John Edwards and Henry Hicky, saying that Edwards, on February 23, 1880, was charged with larceny and was convicted of the offense in the Police Court on the day following and sentenced to one year's imprisonment; that in 1881 the said Edwards pleaded guilty to a similar charge and was sentenced to one year's imprisonment; and that in 1893 said Edwards was committed to answer to the charge of assault with a weapon. Testa declares that Hicky, in 1899, pleaded guilty to having opium in possession; hence are these jurors, Edwards and Hicky, disqualified and defendant contends, the indictment is invalid.

Says Testa in his affidavit: F. J. Testa, being duly sworn, deposes and says: First. That he is called upon to answer to an alleged indictment for libel. Second. That the following named persons are on the Grand Jury panel, and are serving as Grand Jurors at the present term of this Court: J. H. Schnack, Winfred H. Babbitt, Fred Turrill, Henry Hicky, Joseph Andrade, H. P. Benson, James Kott, Jr., John Edwards, Alex. Lyle, D. J. Stynes, J. C. Axtell, F. P. McIntyre, Jno. A. Baker, Wm. Mutch, Guy Owens.

Third. That certain of said persons are not qualified to serve as jurors, and were present at and participated in the proceedings of the Grand Jury when said alleged indictment was found, to the prejudice and injury of this defendant, namely:

John Edwards, who on the 23rd day of February, 1880, was arraigned in the Police Court of Honolulu on a charge of larceny, and on the 24th day of February, 1880, was convicted of said offense, and was sentenced to one year's imprisonment at hard labor, and to pay a fine of \$5 with costs taxed at \$3.40, as more fully appears from a certified copy of the record annexed.

And said defendant further alleges, that on the 25th day of April, 1881, said John Edwards in the District Court of
